Staff

Otto Dietz is the General Manager of Bar Hill. He is supported by a Senior Team of five managers who respectively look after individual departments; Customer Service, Personnel, Fresh Food, Dry Grocery and Pharmacy Section managers report directly to these senior managers.

We employ 490 staff at this store, who work a wide variety of shifts. They all initially receive excellent and comprehensive on the Job training. On top of this they undergo first class service training which teaches them to put the customer first at all times. They are all regularly trained on legal issues such as Health and Safety and Fire procedures.

We also encourage and provide placements for students who require work experience placements.

This store supports two local charities every year. This year we have chosen Marie Curie Cancer Care and M.A.G.P.A.S. In the past, we have donated to local schools, hospices and churches. On top of this Tesco nationally supports Mencap.

Trolleys

PLEASE READ THIS!

In order to improve our service to our regular customers, we would appreciate your help in finding a solution to an ongoing problem.

We willingly provide trolleys in order that customers may transport their purchases from the store to their cars or, in the case of villagers, to their homes, the understanding being of course that these valuable vehicles are returned.

Customers, who hoard trolleys or dump them about the village, stretch our resources that could be used further improving our service in store and of course disturb the environment and outlook of Bar Hill.

Short of charging a deposit (which would inconvenience all our customers) we would ask for cooperation from those that do remove trolleys and from the general public of the whereabouts of any hoarded or dumped trolleys.

By all means use our trolleys

BUT PLEASE BRING THEM BACK!

Tesco in Legal Liaison

RACHEL CONN and RUPERT present a whopping cheque to Muscular Dystrophy at Tescos

An amazing liaison between the BAR HILL TESCO store and local solicitors RACHEL CONN & CO has resulted in a cheque for £2,000 being presented to the charity for Muscular Dystrophy.

Muscular Dystrophy is a devastating muscle wasting condition for which there is no cure. It could affect anyone, and does not have to be inherited and Tesco have adopted it as their Charity this year.

Rachel, who is also concerned with helping research, decided to utilise "National Will Week", which occurs every October, to use her professional legal expertise to raise money by offering low cost wills to Tesco customers on the understanding that a donation was made to the Charity.

Rachel and her staff manned a stand in the Tescos store during shopping hours for seven days and advised on and drew up an astounding 142 wills, many of which necessitated home visits, resulting in the donations reaching the amazing £2,000 target.
